

Dear CCECE delegates,

On behalf of the Montréal tourism industry, I am pleased to welcome you to Montréal for the 25th Canadian Conference on Electrical and Computer Engineering.

With its four universities and its research facilities, Montréal is a city teeming with culture and knowledge. Our engineering sector includes the Montréal section of IEEE Canada (part of the Institute of Electrical and Electronics Engineers), which comprises some 2,000 members.

Montréal also offers a wealth of entertainment possibilities. You will take pleasure in discovering its different neighbourhoods and charms during your free time. Whether you love the arts, history, gastronomy, nightlife, or simply walking around and relaxing, you will find it all in our fascinating city.

I wish you an excellent conference and a wonderful time *chez nous*.

Enjoy your stay in Montréal!

The Honourable Charles Lapointe, P.C.
President and Chief Executive Officer
Tourisme Montréal
